A Space-Saving Powerhouse

The 7,000-lb. capacity 407-P four-post lift is a true space-saving powerhouse. The perfect service lift for shops with limited floor space or home garages, the 407-P requires no special foundation or complicated installation. About the size of a typical parking space, this lift doubles nicely as a residential / commercial parking lift.

Features:

- 7,000-lb. lifting capacity
- Hidden safety locks and manual single-point release
- Multi safety locks in each column
- Adjustable lock ladder
- Dual safety device
- Double-"S" shaped columns for increased strength
- Non-slip platform
- Optional jack tray (1pc), caster kit (4 pcs)
- Flexible: Power side column can be installed at any corner
- Fully portable with optional caster kit
