The Extended Height Two-Post Beast

Shops that work on massive fleets and vehicles need a powerful car lift with a small footprint, so only BendPak's 18,000-lb. capacity XPR-18CL will get the job done safely and efficiently. It offers the most lifting capacity of any two-post lift that BendPak makes, which means you get the best column, carriage and frame component construction on offer.

Features:

- 18,000-lb. lifting capacity
- Extended height top-beam provides greater clearance
- Padded overhead safety shutoff bar
- Single-point safety release
- Dual direct-drive hydraulic cylinders
- Oversized 53" tall carriage for superior strength
- Automatic arm restraints
- Heavy-duty 1/2" aircraft-quality equalizer cables
- Durable, rubber lift pads with stackable adaptors
- Convenient storage is included for truck and van adaptors
