

PEAK CORPORATION

WARRANTY

The warranty period for the steel structure of a new lift is 5 years.

Hydraulic components, bronze bushings, sliders and plastic parts are warranted for 3 years. Electrical components and cables are warranted for 2 years. Other electrical components and power unit are warranted for one year. Rubber pads are not covered by warranty.

During the warranty period, the manufacturer will repair or replace the defective parts free of charge and incur the freight cost. This warranty does not cover damage caused by part wear or improper use, damage in transit and damage caused by non-maintenance as required. This warranty is unique and supersedes what is expressed and implied in all other warranties. The manufacturer shall not be liable for any particular, indirect or accidental damage resulting in breach of or delay in the execution of the warranty.

The manufacturer reserves the right to design and improve the product and has no obligation to make notice of the changes in advance.

The product warranty based on the above clause is based on the model number and serial number of the equipment. This information must be provided in conjunction with all warranty information at the time of service and warranty.
